ME

My name is Saugat Thapa, and I am currently a 4th-year student at the Institute of Engineering (IOE) Paschimanchal Campus. I am pursuing a Bachelor of Engineering in Electronics, Computer, and Information Engineering. Throughout my academic journey, I have gained valuable knowledge and practical experience in various areas of electronics, computer science, and information engineering. I am enthusiastic about exploring emerging technologies and their applications, and I look forward to making meaningful contributions in this field.

Education

April 2024

- o Bachelor Of Engineering - Electronics, Computer and Information Engineering
Institute of Engineering (IOE), Tribhuwan University, Lamachour-16, Pokhara

Recent Projects

Projects:

1st Semester: Hospital Management System in C language
- Developed a Hospital Management System that aimed to automate the various processes of a hospital
- Implemented various functionalities such as patient registration, appointment scheduling, and managing hospital records

2nd Semester: Similar project to 1st Semester using C++
- Developed a similar project to the 1st semester project but implemented using C++ language
- Implemented various functionalities such as patient registration, appointment scheduling, and managing hospital records

4th Semester: DBMS Project - Online Banking System
- Developed an online banking system using database management system
- Implemented various functionalities such as account creation, money transfer, and account management

Ongoing: Minor Project on Indoor Gardening System
- Developing a system that will help to automate the process of indoor gardening
- The system will include features such as temperature control, humidity control, and light control to help the plants grow optimally.
